Frequently Asked Questions

Does the College report attendance?

Student attendance is collected and reported to Clarke County Schools daily. Students are expected to regularly attend courses. Student attendance issues are reported to respective high schools for early intervention.

What happens if I am unsuccessful in my courses?

Blue Ridge CTC provides a variety of student services to promote success within the JumpStart Programs. Students who begin falling behind are referred for tutoring assistance. If all other means have been exhausted, high school counselors work with individual students to find alternative senior scheduling solutions.

How do I pay to participate in the program?

Clarke County Schools is providing funding for students to participate in the JumpStart program. High School families may have to pay a small fee to participate. Students should speak with their school counselor for payment details.

How do I buy books?

Students can find book lists by visiting the Blue Ridge CTC Bookstore website through Follett. Books are listed by course name and section and all course materials are displayed. Students purchasing books must ensure textbook ISBN numbers match the listing on the Follett website.

What is a prerequisite?

A prerequisite is an academic requirement that must be satisfied before or during enrollment in a desired class. Prerequisites might include other courses, a minimum GPA, or upper-division standing.

Why do I have to take a prerequisite course in JumpStart?

The JumpStart programs are designed to be as inclusive as possible. Prerequisite courses are included in the programs to ensure all students have a solid foundation and are not excluded due to a lack of required test scores. Exceptions to prerequisite courses may be made on a case-by-case basis.

How/will my classes transfer from Blue Ridge CTC to another school?

Students who intend to transfer to another institution must be aware of the specific program requirements at the receiving institution. Students should contact the receiving institution to ask about transferability of coursework. The College also has a number of transfer agreements already in place and available for review on the Blue Ridge website.

Who do I contact to see if/how my classes transfer?

Students who plan to transfer should contact the receiving institution to confirm how classes and credits will transfer to another school.

How does changing my degree program affect my credits?

Every program, regardless of school, has curriculum specific to each different major. This curriculum provides an exact list of courses required for that degree. Each program is unique. Students who change degree programs after completing courses may find they have taken courses that do not apply to the new path.

What is an articulation agreement?

Articulation agreements, also called transfer agreements, are agreements between two schools that outline what courses students may transfer with an associate degree. Blue Ridge CTC has a number of agreements in place to ensure students can easily transition after graduation.

Where can I see current articulation agreements that are already in place?

A full list of transfer agreements is available on the Blue Ridge CTC website. The College actively adds new agreements, so students should check back often.
